

**Candace Curtis,**

**I know that calling 19253498348 or visiting 218 Landana street would be a convenient way to have a word with you if you don't cooperate. Don't even try to hide from this. You've no idea what I'm capable of in American Canyon.**

I suggest you read this message carefully. Take a moment to chill, breathe, and analyze it thoroughly. We're talking about something serious here, and I don't play games. You don't know me however I know you very well and right now, you are thinking how, correct?

Well, you've been a bit careless lately, clicking through those girly videos and clicking on links, stumbling upon some not-so-safe sites. I actually placed a Malware on a porn website and you visited it to watch(if you know what I mean). While you were busy watching those videos, your smartphone began functioning as a RDP (Remote Control) which allowed me complete control over your device. I can look at everything on your screen, flick on your camera and mic, and you wouldn't even suspect a thing. Oh, and I've got access to all your emails, contacts, and social media accounts too.

Been keeping tabs on your pathetic life for a while now. It's simply your hard luck that I discovered your bad deeds. I put in more time than I probably should have looking into your personal life. Extracted quite a bit of juicy info from your system. and I've seen it all. Yeah, Yeah, I've got footage of you doing embarrassing things in your house (nice setup, by the way). I then developed videos and screenshots where on one side of the screen, there's the videos you had been watching, and on the other part, it is someone doing nasty things. With simply a single click, I can send this filth to all of your contacts.

Your confusion is clear, but don't expect sympathy. In good faith, I am ready to wipe the slate clean, and allow you to move on with your regular life and wipe your slate clean. I am about to present you two options.

Alternative one is to ignore this email. Let us see what is going to happen if you select this path. I will send your video to all of your contacts. The video is straight fire, and I can't even fathom the humiliation you'll face when your colleagues, friends, and fam check it out. But hey, that's life, ain't it? Don't be playing the victim here.

Wiser second option is to pay me, and be confidential about it. We'll name it my "confidentiality charges". Lets see what happens if you pick this path. Your filthy secret will remain private. I'll wipe everything clean once you come through with the payment. You need to make the payment through Bitcoin only. Pay attention, I'm telling you straight: 'We gotta make a deal'. I want you to know I'm coming at you with good intentions. I honor my obligations.

**Amount to be paid: USD 2000**

**BTC ADDRESS IS: bc1q7ap5ywnf3d67krrv80t28dwaj7wuvhvysf2erx**

Let me tell ya, it's peanuts for your tranquility.

**Notice:** You have one day to sort this out and I will only accept Bitcoins (I have a unique pixel within this e mail, and now I know that you have read this email). My system will catch that Bitcoin payment and wipe out all the dirt I got on you. Don't even think about replying to this or negotiating, it's pointless. The email and wallet are custom-made for you, untraceable. If I suspect that you've

shared or discussed this email with someone else, the shitty video will instantly start getting sent to your contacts. And don't even think about turning off your phone or resetting it to factory settings. It's pointless. I don't make mistakes, Candace.

Honestly, those online tips about covering your camera aren't as useless as they seem. I am waiting for my payment..
